

VOLUNTEERS NEEDED!

NDOW Native Planting Restoration Project Mormon Mountains

The Friends of Nevada Wilderness and the Nevada Department of Wildlife will be conducting restoration in the form of a Native Planting event to establish native perennials following a wildfire in the Mormon Mountains.

Activities will center around an artificial water source for wildlife known as a guzzler. A high clearance vehicle is required to reach the restoration site which is located along Carp-Elgin Road. All materials and tools will be provided, but volunteers are responsible for bringing personal gear (e.g., work gloves, sturdy boots, sunglasses, sunscreen, food, water, etc.).

- Saturday, October 16th
- Saturday, October 23rd
- Saturday, October 30th
- Saturday, November 6th
